We are so happy your group was able to come and learn with us! As you prepare to head back into the classroom, here are a few ways to extend the learning from your visit.

**Post-Visit**

**Question for Further Discussion:**
How can you be a land steward at school?

**Topic for Research:**
Investigate how your school participates in land stewardship and identify leaders on your campus who practice land stewardship.

**Activities:**
- Organize a recycling campaign at your school.
- Organize a schoolyard cleanup day at your school.
